POOL OPENING

Please ensure that electrical power, ladders, handrails, skimmer baskets, filters and all other pool opening items are at **poolside** on the day of your scheduled pool opening. If these items are not available or functional, you will be charged for a return trip and/or for any items that needed to be replaced. **Pool openings do not include cleaning or vacuuming*** or additional chemicals other than opening chemicals. **We recommend running filter system 24 - 48 hours after pool is opened and visiting our store with a water sample to complete balancing.** Chlorine generators should not run until salt level is checked/tested and balanced.

**See Cleaning & Maintenance section.*

INGROUND BASE PRICE \$300

Includes removal of winter cover, starting of filter system and checking operation, installing ladders and handrails, test fire pool heater and adding opening chemicals.

Please note: Some pools are unique and require a special quote. If pool has been closed more than one winter season, it will require a special quote.

Please add to base price if you have the following:

- Floor Return System (Caretaker) + \$50 each
- Floor Return System with Leaf Catcher + \$100
- Attached Spa with Shared Filter System + \$100
- Attached Spa with Separate Filter System + \$150
- Pools with solid, tarp type covers with water tubes must be dry and free of debris. + \$50

Excessive Leaf and Water Removal service can be provided for an additional cost and **must** be scheduled in advance. Call for quote.

- Drop-in steps + \$50

Please note: Drop-in steps will only be installed with use of an Anchor. Anchors can be purchased for \$25 each.

ABOVE GROUND

Includes removal of winter cover, starting of filter system, installing ladder or steps, test fire heater and adding opening chemicals. Steps and ladder will be installed only if water is clear and free of debris. Please ensure water level is raised just below skimmer prior to our arrival.

Above grounds with up to 15,000 gallons - \$275

Above grounds with over 15,000 gallons - \$300

- Drop-in steps + \$50

Please note: Drop-in steps will only be installed with use of an Anchor. Anchors can be purchased for \$25 each.

POOL CLOSING

Please ensure electrical power, winter cover, water tubes, plugs, gizzmos, and all closing supplies are left **poolside** on the day of your pool closing appointment. Please ensure chlorinator is empty and water to an outside faucet is on and a hose that will reach pool is connected. **Pool closings do not include vacuuming, cleaning, or clearing up pool.** Any items that are not available or functional at the time of pool closing will be an additional charge and added to the price of the pool closing.

Please note: Some pools are unique and require a special quote.
